## Reach Once Unreachable Plots

If you prefer to work the land on an ATV or UTV instead of a tractor, the Woods Compact Super Seeder is still your machine. Full-featured like our larger seeders, with the same rugged steel body and parts — yet, lightweight so that you can easily lift, tow, till and sow with an ATV or UTV. With the optional electric tow kit you don't even need to leave your seat to raise and lower the seeder.

Woods' superior design enables you to maneuver into tight spaces and reach once unreachable places. Go ahead, plant a little food plot in the woods. You can do it with the Woods Compact Super Seeders.

### ATVs and UTVs (4WD)

**CSS48** | 48-inch    minimum 350cc

**CSS60** | 60-inch    minimum 400cc

## Woods Compact Super Seeder Models CSS48 and CSS60

### Tractors

CSS48: 15 HP - 35 HP

CSS60: 20 HP - 45 HP

### ATVs and UTVs (4WH)

CSS48: minimum 350cc

CSS60: minimum 400cc

The Woods Compact Super Seeder is everything you need in one compact cultivation and planting package. In one pass you can prepare the seed bed, precisely drop seeds at two different depths, then firm the bed for improved germination.

### Choose the Features that Fit Your Project

A superior design makes the Woods CSS practically custom-made for your ground conditions and type of work. Start with a base unit and choose the features that make it your seeder.

Every model starts with a spiked drive roller and a cool season seed box. The spiked drive roller crushes clods, pushes down seeds and dimples the soil to trap moisture. The cool season seed box plants a wide variety of large seeds. See "What can the CSS plant?" for a complete list.

### Then, choose the front tool that will prepare your seed bed.

1. Choose a spiked roller with adjustable angles that will penetrate thatch and aerate lawns, or angle it to break up the surface and remove stands of turf.

2. Or, choose adjustable disc blades that cut into and work the soil. Easily adjust the blade angles to till more aggressively depending upon soil conditions.

### Want a second seed box?

3. Add a legume seed box and now you can plant two seeds at different depths in one pass. "What can the CSS plant?" lists all the small seeds from Alfalfa to Zoysia that the legume box will plant.

### Want more options that improve productivity and versatility?

4. A rear cultipacker increases seed-to-soil contact, firms the seed bed, and creates furrows to trap and channel water which improves germination rates.
5. Mud scrapers help keep blades free from dirt clods, mud and clay.
6. An electric tow kit for ATVs and UTVs make it easy to transport.

Plus, a fast/slow chain drive, road lights, seed stop plates – the options offer you nearly endless ways to customize your Woods Compact Super Seeder.

Ideal for small-scale planting, such as food plots, lawns, gardens, wildflower meadows, waterways and roadways. Widths 48 or 60 inches and lighter weight so you can maneuver into formerly unreachable areas.

**Productivity** – Simultaneously plant two seed types at two different depths in one pass.

**Precision Metering** – Precisely measure out seeds, reducing waste, plus enjoy the durability of metal (not plastic) meters.

**Versatility** – Handle a wide range of seeds from Black-eyed Susans to corn. See our planting guide.

**Maneuverability** – Easily weave into narrow spaces and make tight turns to plant areas that may not be accessible with a larger tractor and planter.

**Durability** – Expect years of work from a rugged, Grade 80 steel body.

### Additional Features Standard on Both Models

- The calibration system includes seed charts, a calibration tray and crank for accurate seed rates.
- Windowed seed cups and clear PVC tubes allow you to easily monitor the flow of seeds.
- A quick and easy disconnect – pull a pin and one or both seed boxes stop to make it a tilling tool for preparing the ground. Till your seed bed, then replace the pin and engage the seeding function for a final pass.

## TRACTOR HP RANGE: 15 - 35 HP

### Model

**CSS48** | 48-inch

- Three-point hitch:  
CAT 1/Limited CAT 1
- Working width 48 inches
- ATV/UTV minimum 350cc

## TRACTOR HP RANGE: 20 - 45 HP

### Model

**CSS60** | 60-inch

- Three-point hitch:  
CAT 1/Limited CAT 1
- Working width 60 inches
- ATV/UTV minimum 400cc

SPECIFICATIONS		COMPACT SUPER SEEDERS	
MODEL	CSS48	CSS60	
Tractor Engine (hp)	15-35	20-45	
Tractor Hitch	CAT 1/Limited CAT 1

Calibration Tray	Standard		
Crank Handle	Standard		
Spring-loaded Trailing Cultipacker	Optional		
Speed Ranges	Turf seed range 0-700 lbs/acre (cool season); food plot range 0-30 lbs/acre (legume)		
Options	Fast/slow chain drive, Quick Hitch bushings, mud scrapers, seed stop plates, highway lights, tow kit		
ASABE Quick Hitch	Add hitch pin bushings to make CAT 1 quick-hitch compatible		

## What can the Woods Compact Super Seeder plant? Here is a partial list...

### Cool Season Grass and Cereal Grains Box (large seeds)

Annual Ryegrass  
Barley  
Buckwheat  
Buffalo Grass  
Chufa  
Corn (small rounds)  
Fescue  
Kentucky Bluegrass Blends  
Kidney Beans  
Lablab  
Lima Beans  
Oats  
Orchardgrass  
Peas  
Perennial Ryegrass  
Snow Peas  
Sorghum  
Soybeans  
Sudan  
Sugar Beets  
Sunflower  
Triticale  
Wheat

### Legume Box (small seeds)

Alfalfa  
Bahia  
Bermuda  
Birdsfoot Trefoil  
Black-eyed Susan  
Brassica  
Brown Top Millet  
Carpet Grass  
Centipede  
Chicory  
Clover  
Fescue  
Forbes  
Green Sprangletop  
Kale  
Kentucky Bluegrass  
Kleingrass  
Plains Bristlegrass  
Radish  
Rape  
Side Oats Grama  
Sudan  
Sugar Beets  
Switchgrass  
Timothy  
Turnip  
Zoysia

Here's a quick look at the precision seed rate system.

## At Woods, good things come in compact packages. Not just compact seeders.

Woods has helped tractor owners like you mow, move, and shape the land since 1946. Our innovative, durable line of agricultural and grounds care equipment is designed specifically for smaller tractors, not just scaled down from our larger attachments. See our complete line of compact equipment at [woodsequipment.com](http://woodsequipment.com) or your nearest Woods dealer.

Our products are distributed and backed by a network of authorized Woods dealers because we believe in the expertise and service you can only get from an experienced, specialized retailer. From the moment you walk into the showroom, and for years to come, your Woods dealer will help you select the right equipment and offer follow-up service and maintenance. To find your nearest store visit us at [woodsequipment.com](http://woodsequipment.com) or call 800-319-6637.

# Woods

**GENUINE PARTS**

Woods has built a strong reputation for manufacturing equipment with superior design and durability. So when it comes to keeping your equipment in top condition, there's only one choice. Woods Genuine Parts are designed for the best performance on your Woods equipment, not simply to "fit." We stand behind the quality of our replacement parts. And, our network of knowledgeable dealers is essential to not only get you the parts you need today, but to maintain your machine and keep you going for years to come.
