ALL-NEW WOODS® BB72.40

PREMIUM ROTARY CUTTER OPTIMIZED FOR 40-90 HP TRACTORS

Introducing the BB72.40, Woods® BrushBull™ Premium rotary cutter, uniquely designed to pair perfectly with 40–90 horsepower tractors. Our latest BrushBull is expertly engineered to maximize the performance of both tractor and attachment in this specific HP range.

With the BB72.40, you can take to the field confidently with the exact amount of weight to match your tractor and the power and durability needed to get the job done. No more. No less. Tackle overgrown weeds and brush out back or take on commercial work without the risk of stressing out, wearing down, or wearing out tractor or attachment.

BB72.40
Shown with optional chain shielding.

HEAVY-DUTY GEARBOX

35.5% heavier gearbox compared to BB72.30. Designed to withstand hard hits. Light enough to prevent wearing out or weighing down utility tractors.

10-YEAR GEARBOX WARRANTY

Backed by industry-leading Woods Cut Above Warranty protection.

HEAVY-DUTY TAIL WHEEL

25% wider tail wheel with larger, commercial-grade wheel hub. Added tapered roller bearings to handle rugged terrain.

HEAVY-DUTY DRIVESHAFT

Perfectly optimized with 30% more torque capacity than the BB72.30.

DEEP CUTTING DECK

Designed to deliver the reliable cutting performance Woods rotary cutters are known for.

QUICK-HITCH READY

Like all BrushBull's, the BB72.40 comes quick-hitch ready from the factory no additional hardware is required.
